- The hostess team will furnish yellow heavy-duty WILSON, PENN, or DUNLOP tennis balls. [NOTE: if the match is split a set each, new balls may be requested for the third set.]
- Each individual match shall consist of two [2] winning sets out of three [3] sets. The Doubles seven [7] point Tie Break rule shall apply [reference: IV-G, pg. 12], when a set reaches six [6] games all.
- If all lines/match positions start at the same time, a Third Set Tie Break is optional and must be mutually agreed upon; if not, it will be determined by the home team. [See Section V; A-point 4]
- When a THIRD SET is necessary to determine the winner of a position match, The Doubles TEN- [10] point Tie Break rule should apply [reference: IV-G, pg. 12] in lieu of the third set.
- With all matches with split start times, the THIRD SET shall be played with the Doubles Ten-point Tie Break.

REGULAR SCORING is the rule.

D. SCORING, LINE CALL(S) OR PLAY DISPUTES BETWEEN PLAYERS

- With scoring disputes, continue play with the last score on which all four players agree.
- If there is a line call you think was not right, let it go the first time. The second time, be polite in voicing your question. On the third time, let the other players know that you disagree with the call and you would now like to get someone in place to be a line judge.
- If there is a play dispute which cannot be settled mutually by all 4 players to replay the point, call for a line judge and replay the point.
- A line judge can be any person present outside of the match courts – deemed with appropriate tennis knowledge - and does not have to be a member from either team. The line judge should stand at the net.

- The line judge is there to confirm or probate disputed calls only AFTER questioned by the player(s). The line judge does NOT make pro-active calls.

E. INCLEMENT WEATHER

- In case of rain the hostess captain will be responsible for contacting the guest captain NO LATER than two (2) hours before the scheduled match start time.
- On the morning of the match, if rain is not present yet but is predicted or imminently visible, by 7am there needs to be a phone call contact – not email - between captains for a mutual agreement on how to proceed to start the match as scheduled.
- If it rains heavily on the day before a match, and it will be impossible for the courts to be dry by the official starting time [9 A.M.] the next day, the hostess captain should cancel the match the day before and reschedule it as soon as possible.
- Rescheduled matches: Telephone or email contact must be made within 3 days by the captain to determine (re-scheduled) match date. To expedite timely completion of rescheduled matches, offer more than ONE date option.
- If rain begins after play has commenced and it is impossible to continue, the rescheduled game must be played from the point of suspension with the same line-up and under the auspices of the same hosting team. Captains must write down the exact score, the last point, and who was serving.
- If you have a default in one of your positions and it begins to rain BEFORE match play begins, upon rescheduling the match, ALL positions, including the defaulted positions, may play in the rescheduled match.

- Rain make-ups for the first half of the Season should be finished or scheduled by December 15 if at all possible. To expedite timely completion of rescheduled matches, teams need to offer 3 new dates within 3 days of a rained out/cancelled match and the guest team must reply within two days to the offer.

If the home team makes reasonable attempts to reschedule (offering three dates to choose from) and the guest team declines all three offered dates, the lines that can be played should be played, and the remaining unplayed lines will be defaulted by the visiting team.

- The home captain is to contact the Division Representative with the new rain make-up date. The original match date should be listed on the scorecard along with the date the actual match was played.
- Make-up matches or portions of matches must be rescheduled and played within 6 weeks of the original match date or May 15th, whichever is earlier. Failure to do so will result in both teams being assigned zero points for that match.
- **If a match is not re-scheduled at all, no points will be awarded to either team. Splitting points is not an option.**

F. MATCH RESCHEDULING

All matches should be played according to the Master Schedule. However, if the 2 opposing team captains MUTUALLY AGREE, they may reschedule their match for any legitimate reason, e.g., school holiday, funeral, 3-day holiday weekend, school scheduling conflicts, weather, conflicting match date, or holidays, as early in the playing season as possible. The date should be offered and scheduled with in 2 days of notification of conflict.

G. DOUBLES SEVEN [7]-POINT TIE BREAK

- 1) Traditional Classic (Wimbledon): With partners preserving their serving sequence assume A-B versus C-D with A having served the first game of the set. A serves the first point from the deuce side, C serves points 2 and 3 [ad side, then deuce side]; B serves 4 and 5 [ad and deuce]; D serves point 6 [ad] and the teams change ends. D serves point 7 [deuce]; A serves points 8 and 9 [ad and deuce]; C serves points 10 and 11 [ad and deuce]; B serves point 12 [ad]. The teams change ends again and continue play. The first team to win seven [7] points wins the 'GAME' and 'SET', provided there is a TWO-POINT MARGIN over the opposing team. The tie-break GAME continues until this margin is achieved. They change ends for one game to start the next set. Team C-D serves the first game of the new set.
- 2) USTA Coman's: With partners preserving their serving sequence assume A-B Versus C-D with "A" having served the first game of the set. "A" Serves the first point from the deuce side. Ends are changed after the first point. THEN after every four points. i.e., 5th, 9th, 13th, 17th, etc...so that the server will always server from the same end of the court throughout the tie-break. *For example, after switching courts sides, with "C" serving points 2 and 3 (ad side, then deuce side); "B" serves points 4 and 5 (ad and deuce). End change, then "D" serves points 6 and 7 (ad and deuce). The first team to win the seven [7] points wins the "GAME" and "SET", provided there is a TWO-POINT MARGIN over the opposing team. The tie-break GAME continues until margin is achieved.* They Change ends for one game to start the next set. Team C-D serves the first game of the new set.

H. DOUBLES TEN [10]-POINT TIE BREAK FOR THE THIRD SET

Traditional Classic style: Same as above. The first team to win ten [10] points wins the 'SET', provided there is a TWO-POINT MARGIN over the opposing team. The tie break SET continues until this margin is achieved.

USTA Coman's SUPER Tie Break: Same as formerly mentioned above. The first team to win ten [10] points wins the 'SET', provided there is a TWO- POINT MARGIN over the opposing team. The tie break SET continues until this margin is achieved.

V. OFFICIAL TIMES FOR WARM-UP AND MATCH PLAY

A. TIMES FOR ROUND OF PLAY:

- Any valid variation from below must be of mutual agreement by the 2 opposing captains PRIOR to the exchange of line-ups and start of match play. All team captains must respect and adhere to rental court restrictions that many clubs are contracted to in order to provide courts for the match date.
- All scheduled team matches must be played at the same location, whether there are ONE [1]- or TWO [2]- round start times.
- ***If a team has five [5] or six [6] courts at one location, the official starting time may be 10:00 A.M. unless the captains agree on an earlier or later start time.***
- If a hosting team has all team positions starting at the same time, the third set, if necessary, may be played out entirely instead of using the tie-break ONLY if mutually agreed upon before each position match.
- Teams with first and second round start times: Teams play configurations can include first round with Teams #1, #2 & #3 and the second round with Teams #4, #5 and/or Teams #1, #2, and #3 should start play at 9:00 AM (no later than 9:30 AM) and teams #4, #5 and/or #6 should start play at 10:30 A.M (or 1-1/2 hours from 1st round start time) or as soon as a court becomes available from the first round matches. Default times occur 10-minutes after the official match start times, for example, 9:10 AM or 10:40 AM.

- The teams must play in numerical order as listed on the team match line-up (Score Sheet) for positions 1, 2 and 3. However, for the 2nd round start, if a court becomes available earlier than the official start time, then the next available and present team, whether #4 or #5 or #6, may take the court and start play to help expedite timely match finishes and use of rental court times.

Recommended scenario:

First Round:

- ☐ 8:45 A.M. Players arrive, if courts and time permits, players may begin warm up.
- ☐ 9:00 A.M. Official warm-up.
- ☐ 9:10 A.M. Play begins. If all players on a court are not present, a default may result.

Second Round:

- ☐ All players must be present by 10:30 A.M., even though the courts may not be available.
 - ☐ 10:30 A.M. Players arrive, ready to play.
 - 10:30 A.M. Warm-up for 10 minutes.
 - ☐ 10:40 A.M. Play begins or default rule applies.
- If players arrive onto the match courts just at the 10-minute warm-up/default time, there will be no additional 10-minute warm-up or delay in the start of the match. Match play must commence as scheduled, otherwise default rule applies.

- If courts are available before 10:30 A.M., both captains may agree to an earlier start time for the second round players as mentioned above [Letter A, point #6.]

B. The 10-MINUTE WARM UP/DEFAULT

The 10-Minute warm-up/default from the time agreed upon by the two captains still applies. For example, if time agreed upon is 10:15 A.M., then warm-up is 10:15-10:25 A.M. If players are missing at 10:25 A.M., a default is assessed as described above. These clarifications are necessary for clubs who have time restrictions on court rentals.

C. MISSING PLAYER/PLAYERS

- If a player from one team is not present and two players from the opposing team are present, then three [3] points will be awarded to the properly represented team. If a player from each team is missing, then a DOUBLE DEFAULT will occur and no points will be awarded.
- On the day of the match, if a team defaults one [1] position, the default is taken by the position that cannot play. The remaining positions are played as originally scheduled.

D. MINIMUM NUMBER OF PLAYERS AT ANY GIVEN MATCH

- Regular Ladies Tier: Each team must have a minimum of six players at any given match. This rule applies to all divisions in the Regular Ladies Tier whether or not there are 5 or 6 positions.
- Senior Ladies Tier: Each team will be allowed two defaults per match. A Senior team MUST always have at least 3 teams for each match.

**** If only 4 players are available on morning of match (2 lines) - match will still proceed. The line ups will be exchanged. Line 3**

can be played within 3 days of the match. Lines 4 & 5 will default.**

E. COACHING AND PENALTIES FOR INFRACTIONS

Coaching is not permitted anywhere or anytime or by anyone including teammates during the match play. It is both teams' responsibility to control the spectator's conduct during match play. Penalties for infractions of this rule are as follow:

- **First infraction of this rule:**
 - 6 POINTS for Senior Ladies Tier to be deducted from total team score at end of the season.
 - 9 POINTS for Regular Ladies Tier to be deducted from total team score at end of the season.

VI. PROCEDURE FOR LODGING A COACHING COMPLAINT AND SETTLING GRIEVANCES

The ***Division Rep and League Manager*** will appoint three [3] board members to a special committee which will determine whether an infraction has occurred.
